

Funeral Guide

Funeral Details and Needs

The Liturgy

Restoration will use the liturgy that is in the ACNA's Book of Common Prayer beginning on page 249. Please bring to your meeting with the clergy any scriptures or special music that you desire to have a part of the service. Restoration will produce and print a worship guide for the service. If you would like, a photo can be printed on the cover.

We also have an opportunity to take an offering for a charity or ministry that was important to your loved one. Please provide details on who you would like the recipient to be. This information will be included in the worship guide. If you would like to provide flowers for the sanctuary or fellowship hall, we have a few companies we recommend.

Your Guests

Restoration has a beautiful fellowship hall and a small warming kitchen. If you would like to provide a reception for your guests, we can suggest a caterer. Restoration will provide set-up and clean-up services.

Restoration uses an off-site parking lot and shuttle located six blocks from the building. If the service is on a weekend, we ask that all of your guests park in this lot. There are a few spaces next to the church that may be used for those people who need to be closer.

Please estimate how many guests you think will attend. Restoration will provide two or more ushers and three or four communion servers depending on the number of people you are expecting.

Costs

- Shuttle (required): \$250 minimum (4 hours)
- Facility Cleaning: \$180 minimum
- Audio Visual: fees vary
- Honorarium for Clergy: \$100-\$200 suggested
